

*Restore Hope
Regain Function
Renew Relationships*

Educate : Inspire : Empower

Penny Jacobson & Mary E. Robson

Two courses that will forever change your perspective of learning and behavioural challenges!

HANDLE® is an effective non-drug treatment alternative for people of all ages, and for a wide range of issues, including but not limited to:

sensory integration dysfunctions	dyslexia	chromosomal disorders
autism spectrum disorders	conduct disorders	cerebral palsy
tics and Tourette's Syndrome	acquired brain injury	auditory processing
general learning disabilities	balance & coordination	mood & anxiety
trouble with motor skills	reading & writing difficulties	and many more.

HANDLE Introductory Courses: Quest, Mildura, Victoria

Level 1 - Tuesday Sept. 5th - 9:00am-3:30pm

Level 1 is a prerequisite to level 2.

Level 2 - September 6th & 7th - 9:00am-3:30pm

Welcome: parents, educators, clinicians supporting people of any age.

- We introduce an interactive approach for identifying and treating the root causes of problems across the life-span. Focusing on what causes learning and social difficulties and many other behavioural challenges.
- Explore how to use movement, attitude and nutrition to regain or increase function.
- Participants leave with practical tools and knowledge to apply with individuals or groups in home, school, work and care settings.

"This is crucial information for anyone working with children. I can't imagine anyone who wouldn't benefit."

– Steve Goldenberg, Primary School Teacher

See the **Course Information Pack** and **registration form** for full details.
